

Hi Team Cuthbert!

Hi everyone. Can you believe it is the last week of term, your last ever in Primary School? I don't think any of us could have predicted how this year would turn out, but at least we have been able to keep some contact/teaching going through these weekly timetables and our on line Zoom lessons. Both Mrs Perry and I are going to miss you. We feel cheated that we didn't get a full year teaching you all but unfortunately, there isn't anything we can do about it! This is our last weekly timetable, however, if you want to keep your brain active over the summer, you can continue to access all our on line activities – Sumdog, SATs Bootcamp etc. Additionally, the lessons I am posting from The National Oak Academy are available for anyone to access, as are the BBC Bitesize sessions we did earlier in lockdown. These are both excellent resources if you feel you want to continue with your learning.

	Maths	English	Other (pm)
Monday	Multiplying fractions is today's focus. https://classroom.thenational.academy/lessons/fractions-to-represent-multiplication-with-proper-fractions	Have you ever had to write a letter of complaint? That is the focus of today's reading. https://classroom.thenational.academy/lessons/letter-of-complaint-reading-focus	P.E. with Joe – you can find this on You tube as last week. You can complete this activity session at any time during the day.
Tuesday	Today you are multiplying pairs of fractions. https://classroom.thenational.academy/lessons/fractions-to-multiply-pairs-of-proper-fractions	Continuing on from yesterday. https://classroom.thenational.academy/lessons/letter-of-complaint-reading-focus-b88239	Imagine you are Boris Johnson's number two when he contracted Coronavirus. It is your time to be a leader. This lesson puts you in that exact position. Good luck! https://classroom.thenational.academy/lessons/your-country-needs-you-8d49f9
Wednesday	Can you divide a fraction by a whole number? https://classroom.thenational.academy/lessons/fractions-to-divide-a-proper-fraction-by-an-integer	Identifying the features of a letter of complaint. https://classroom.thenational.academy/lessons/letter-of-complaint-identifying-the-features	P.E. with Joe – you can find this on You tube as last week. You can complete this activity session at any time during the day.
Thursday	Now it's getting tricky... Can you multiply and divide with improper fractions? https://classroom.thenational.academy/lessons/fractions-to-multiply-and-divide-with-improper-fractions	This lesson is about different clause structures linked to this weeks previous learning. https://classroom.thenational.academy/lessons/letter-of-complaint-clause-structures	How did the second World War end? We know how it started so now let's see how it came to an end. https://classroom.thenational.academy/lessons/how-did-the-second-world-war-end
Friday	To end our week can you solve problems involving fractions? Good luck! https://classroom.thenational.academy/lessons/fractions-to-solve-fraction-problems-with-the-four-operations	Can you write your own letter of complaint using what you have learnt this week? https://classroom.thenational.academy/lessons/letter-of-complaint-write-your-own	For our final session, we would like you to sit and think. What special memories do you take with you from Bullion Lane? What new skills did you learn while at our school? What will you miss but also, what are you looking forward to? Please just spend a few minutes either chatting with someone at home or thinking about it yourself. You'll be amazed by how much you have changed whilst at primary school!

Any written work that you would like reviewed, please send it to the school email address (bullionlane@durhamlearning.net), and it will be sent on to me to look at. If you don't have the equipment needed, don't worry, just do your best to do what you can.

Don't forget about our Facebook page, for any pictures/photographs you would like us to see and comment on. Look forward to seeing your lovely faces!

Well, what a year! Mrs Perry and I would like to take this opportunity to say thank you for all your hard work. You should all be proud of how much progress you made before school was closed. You are a lovely bunch and your new schools are very lucky to be getting you. Don't forget where we are. It would be lovely to find out if, for example, Geanina does become a vet, Ryan a Youtuber or Ava ends up singing for a career. Take care Team Cuthbert, we will miss you all!

Good luck for the future, and remember, reach for the stars, you never know where you'll end up!

Mrs F & Mrs P
